When it comes to bottled water, we are the Virginia Source!

In the bottle within 24 hours of leaving the underground aquifer

No Chemicals

- Most spring waters are disinfected by Chemicals
- Most purified waters are from public systems that disinfect the water with Chemicals

Consistently Rated "One of The Best"

- Best in USA in 2005
- 2nd Internationally in 2005
- Ranked 4th Best Internationally in 2006

Purified Category

Berkeley Springs International Water Tasting Awards

World's Largest and Longest Running Bottled Water Contest

More than 70 waters representing a dozen countries and 22 states competed for medals in four categories

Eleven media judges were instructed to look, sniff and taste each water under guidelines like those in wine tasting. The waters were rated for each attribute including appearance, aroma (there should be none), taste (it should taste clean), mouth feel (it should feel light), aftertaste (it should leave you thirsty for more). Waters were tasted in four separate flights over 2 days.

CHILL - We are Proud

Quantities below are in parts per Billion
